

Checking Out Library Books on the iPad & Mobile Devices

*Available for Android™, BlackBerry®, iPhone®/iPad®/iPod touch®, Windows® Phone 7

For all compatible devices, go to: <http://www.overdrive.com/resources/drc/>

Install the OverDrive® Media Console™ app:

If you have already installed the app, you can skip this section.

There are several ways to get the OverDrive Media Console app.

You can search and download the app for free from the app stores compatible with your device:

- Apple® App Store™
- Android Market
- Mobihand™/AppWorld™
- Windows Marketplace

Or, you can go to: <http://www.overdrive.com/software/omc/>

Authorize your software:

If you have already authorized your device, you can skip this section.

1. Once you have downloaded the OverDrive Media Console app, open up the app. Open up “Settings” and navigate to the “Authorize” section.
2. Enter the email address and password for your Adobe ID. If you do not have an Adobe ID, follow the instructions to sign up for an Adobe ID.
3. Choose “Authorize.”

Search and download an item from the Downloadable Media Catalog– Audiobooks & eBooks:

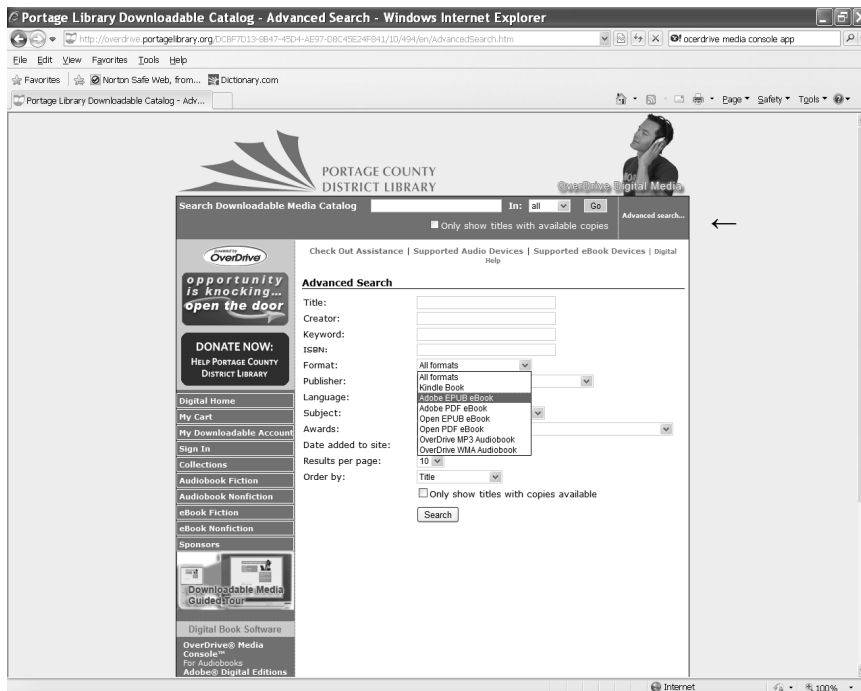

1. Open the OverDrive Media Console app and select “Get Books.”
2. You will be directed to the Downloadable Media Catalog– Audiobooks & eBooks
3. If a title is available, you will see an “Add to Cart” link next to the Adobe EPUB eBook format option.
4. To select an available book, click on “Add to Cart”. To choose another title (or book), choose “Continue Browsing” or go to check out, click on “Proceed to Checkout.”

(Instructions continued)

5. Enter your library barcode number and click “Sign In”.

6. The checkout screen will verify the title, lending period (choose between 7 or 14 days), and format. When you are finished, select the “Confirm Check Out” button at the bottom of the screen.

7. Click on “Download”. When you download a title, OverDrive Media Console will open automatically.

TIP: To search for a specific title, click on “Advanced Search (Under Advanced Search at the right-hand side of the page). Under the format option.

(Instructions continued)

NOTE: These instructions will also work for audiobooks. Instead of the Adobe EPUB, look for the OverDrive MP3 Audiobook format.

Also, there is a Kindle app available for iPad 2.
